You'll save time with having just one payment to make each month and you'll save money with our low rate!

Start with transferring the balances of your other credit cards to your **KBRHFCU MasterCard**. It's Easy -- at your fingertips and with a click of your mouse, you're done! You'll enter the different accounts that you want paid by your MasterCard on the secured site at www.gotomycard.com and you're half way there! Next, set your utilities and other monthly expenses to automatically debit your KBRHFCU MasterCard. Now you're down to one simple, easy payment to make each month!

Consolidating not only will save you time and frustration, it will probably save you money too. And when you're ready to make your payment, you can go online and transfer the funds from your credit union checking account to your **MasterCard** account. It's that easy!
